

BIG MOTOR RACE FULL OF THRILLS

Whittier Beats Samuelson in
Grind That Will Go Down
In History.

MAC FIRST IN "PRO" EVENTS.

Tanky Wonder Sprints Near Finish
And Rolls Home Sitting Up
With Yards to Spare.

No one who journeyed down to the Salt Palace last night expecting to see a good set of bicycle races came away disappointed. The evening was balmy; the races were run off one right after another; each race was hotly contested and there was a wide enough variety to suit everyone. The tiers of seats around the saucer were filled.

The motor race was one feature of the card; McFarland's riding was another, but then there wasn't a dull moment in the whole evening. But that motor race will go down in cycling history. Samuelson, Turville, Whittier, Heagren and Hopper were entered at the last minute that life is pretty sweet after all, so withdrew.

WHITTIER CUTS LOOSE.

Heagren's machine wouldn't work right so after pushing himself around for a while he decided to let the machine go. Samuelson, Turville, Whittier and Hopper were left to run the race. Whittier was evidently the best of the bunch. He beat Samuelson and Turville. The crowd wouldn't let either way. But he beat Samuelson, riding the high on the slant; he shot

past the sharp curves—but words can't tell all he did. The most remarkable thing to the crowd is that he stayed on the track.

PLENTY OF SPRINTS.

McFarland won the professional events. After heart-breaking grinds the tanky wonder would take a sprint and come in over the top sitting up. This delighted the crowd.

Cheeks made a sprint on a sneak in the final of the quarter-mile open amateur and came in a-la-McFarland. This also delighted the crowd. Gles won the five-mile amateur by making a sprint on the final lap and keeping the lead until the very end. The crowd behind could do. McFarland and Hopper went down in this race on account of a puncture. Both boys had good positions and were riding strong when the accident happened. Luckily neither man was hurt.

THE SUMMARY.

The evening's results follow:
One-quarter mile open amateur—Cress: Hume, Lawrence. Time—2:4.5.
Half-mile open, professional—McFarland: Samuelson, Wilcox. West. Time—3:1.5.
Five-mile lap, amateur—Gles, Halstead, Schnell, Lawrence. Time—10:34.5.
Two-mile lap handicap, professional—McFarland (acc. hit), Whittier (110) Wilcox (35), Palmer (55). Time—3:52.5.
Five-mile motor open—Whittier, Samuel, Turville, Heagren. Time—6:02.5.

OGDEN TO TURN OUT AT MORTENSEN BENEFIT

(Special to the "News.")
Ogden, June 24.—The baseball game at the Interurban Fair grounds diamond tomorrow afternoon for Ben Mortensen, who for several seasons has been one of the most popular ball players of the city, promises to be one of the big athletic features of the day.

For the game which will be between the Ogden team and the Goddard team, all the stores in the city will close at 3 o'clock, and agreement to this effect reached by the butchers and grocers of the city. The proceeds of the game will be used to send Mortensen to California with the hopes of benefiting his health.

OMAHA GETS WALKER.

Fred Walker, coach of Agricultural college athletic bodies, has gone to Ogden to pitch for the Nebraska team in the Western League. Walker pitched a couple of games for Salt Lake and made good. He will make good in the Western League.

Pittsburgh and Cincinnati also played a double-header and also took one each. Pittsburgh shut out the visitors in the first, 3 to 0, but got a return lemon in the second game, score 7 to 2.

Philadelphia journeyed down to Brooklyn yesterday and by making it 8 over the Bridge City's 2, got a close and interesting game.

Don't Give a Child Any Form of Harsh Physic

You know what castor oil, pills and harsh cathartics do by the griping pains that follow.

You can feel how the stomach and bowels are irritated.

That is how harsh physic gets its effect—by causing the bowel fluids to flow.

They act as pepper acts in the eyes or the nostrils. Pepper causes fluids to flow.

But do you think it right to treat membranes in that way—the tender membranes of children?

Cascarets are the only laxative that should ever be given to children.

They are vegetable—gentle and natural. They are as harmless as food.

Children like them because they are candy. And because they never cause pain.

Even grown people are injured by every dose of drastic cathartics. Children are doubly injured.

The use of harsh physic, if continued, is bound to end in chronic dyspepsia.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The box is marked like this:

THE WEST-POCKET BOX IS 10 CENTS.
The month-treatment box 50 cents.
12,000 boxes sold annually.

BIG GAME TONIGHT.

The "News" team will meet the Twenty-sixth ward team this evening. For will Harnett was charged with battery for the "News" nine. An interesting game is anticipated as both teams comprise lively youngsters.

DEMOCRATS WILL RIDE WEST IN AUTOMOBILE

Starting next Tuesday from Chicago 20 delegates to a national democratic convention will tour to Denver in a train of five Studebaker automobiles, stopping at all of the important cities and towns along the route and occupying about 10 days on the journey.

At Lincoln, Neb., Tuesday night, J. Bryan, which the tourists will reach on Saturday, a second train of Studebaker cars, carry Gov. Hoch of Kansas and Gov. Folk of Missouri, will meet the Illinois travelers, and continue to Denver as one train. The Hon. James John Atwood of Leavenworth, who is expected to make the nominating speech for William J. Bryan, will be one of the Kansas party.

The automobile train carrying the Illinois delegation, was chartered by the Hon. Roger C. Sullivan, chairman of the Illinois Democratic, and the party will include a number of prominent Democratic statesmen.

It is expected that the Chicago train will reach Clinton, Iowa, on the first day, Marshalltown, Wednesday, and Omaha, Neb., Thursday night, remaining at that point nearly an entire day, as prominent Omaha Democrats have arranged a gigantic reception in honor of the delegates.

Following another reception at Lincoln, the tourists will continue through Grand Island, Kearney, and North Platte, Neb., crossing the Colorado line near Julesburg. At that point a number of distinguished Democrats in automobiles will meet the tourists and escort them into Denver. At the convention city special entertainment is being arranged in honor of the Illinois-Kansas-Missouri travelers, who will establish a precedent in convention travel, being the first time in the history of transportation that a train of motor cars competes with trunk line railroads over long distance routes.

The train will be composed of cars utilizing identically the same type of chassis as was used for the Studebaker war message car, which made a sensational run from New York to Leavenworth, Kan., last winter.

The route to be followed by the touring delegations is based on the one generally used for cross-continent automobile tours, but several slight deviations will be made for the purpose of touching the cities and towns in which prominent Democratic organizations are anxious to entertain the delegates.

It is expected that Denver will be reached some time during the day of the glorious Fourth. The train will so leisurely, and average about 125 miles a day.

TANDEM RACE OUGHT TO PROVE A WINNER

Tandem racing was at one time a leading bicycle feature. Those who have been longing to see another old time tandem race will have their wish met out at Saltair this evening. Four of the best riders in the country will pair off and push double wheels for two miles. Clarke and Mayer will ride against Samuelson and Wilcox. This race promises to get a big hand from the fans as there is nothing cleaner and prettier than tandem racing. Other events rounding out a promising card are: One-mile handicap, professional; three-mile lap race, professional; one-half-mile handicap, amateur, and two-mile lap race, amateur.

GREATEST BALL GAME

Picturesque and Nifty Mass of Humanity Cheer Yale and Taft During Splendid Contest.

New Haven, June 23.—As wild a scene of jubilation and as picturesque a mass of humanity as ever had a setting on a baseball diamond was that which the alumni of Yale university presented as a greeting to Secy. William H. Taft this afternoon as he sat with his class of '78 in the stand on Yale field to see the annual game between the blue and the crimson. His cup of happiness was filled to overflowing, for not only was the crowd a record-breaker in his honor, but the classes the oldest ever in their dance upon the greenward, but Yale whined her rival by the score of 3 to 0 in a game which was full of better playing than either team has shown this season.

The ball game was won by Yale's batting ability. In the opening inning, with one out, Hines hit cleanly to right field and took a throw. Hines threw to catch him off first base. The ball went through Hines's hands. Hines reached third on Murray's infield drive and scored on Williams's three-base hit, which went beyond the fielder. No more scoring was done until the seventh, Clifford the first man up bunted safely, beating out the ball; Feis advanced him a base.

by a sacrifice. Van Vlack went out on a foul on a third strike. Then, amid cheers, Capt. Jones made a slashing drive through short, scoring Clifford. He went to second base himself and brought the crowd to its feet by scoring on Dines' bunt.

Harvard looked dangerous in the ninth, but sharp fielding quickly ended her career at the bat.

Score:
Yale..... 3 R. H. E.
Harvard..... 0 3 3
Batters—Clifford and Currier; Van Vlack and Wiley. Two-base hit—Williams. Struck out—By Hicks, 7; by Van Vlack, 2.
Umpires—Adams and Smith.

PRESIDENT WILL SEE YALE-HARVARD RACE

Oyster Bay, N. Y., June 23.—With pleasant anticipation President Roosevelt is looking forward to the Yale-Harvard boat race on the river Thames at New London, Conn., which he will witness from the deck of the Mayflower. He will take with him Mrs. Roosevelt and the rest of his family, who are no more. The Mayflower will take the president, his family and Secy. Loch aboard in Oyster Bay harbor on Wednesday afternoon and then proceed to New London, arriving early Thursday morning. She will be given an advantageous position on the boat race course.

CALIFORNIA WANTS TO BE RACING CENTER

New York, June 24.—The greatest outward change in the appearance of the Sheepshead Bay race course is that former betting rings, by the simple expedient of moving in tables, chairs and benches, have been transformed into open air restaurants and lounging places.

The places are cool and breezy, but the police refuse to forget the records of the inclosures, and a guard of scattered patrolmen keep watch on the outskirts of the new restaurants.

Horsemen have taken keen interest in the fight in progress in Louisiana against the winter tracks and received with lively approval an announcement on behalf of the New California Jockey club of San Francisco that the racing there will be on the greatest scale ever known. It is believed that the proposed extension of the San Francisco meetings and the addition of a number of big stake events will attract to the coast large numbers of the best eastern horses.
